

Quicken for Mac 2015-2017 Conversion Instructions

Web Connect

Introduction

As we complete our system conversion to United Bank, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive. NOTE: Whether you are a customer of Farmers Bank, First Citizens Bank, Citizens Bank of Northern Kentucky or United Bank, please complete these instructions since all systems are converting.

To complete these instructions, you will need your User ID and Password for each Financial Institution.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.

Thank you for making these important changes!
